## Place-Based Stewardship Education meets Great Lakes Literacy and E-STEM Opportunity

Come learn more about the [Northeast Michigan Great Lakes Stewardship Initiative](#) (NEMIGLSI) network on **Tuesday, November 29 at 7 PM at Alpena County Public Library.**

This network connects students and teachers across northeast Michigan with community partners to complete hands-on, place-based stewardship projects. Promoting Great Lakes Literacy while applying environmental-STEM (Science, Technology, Engineering, Math), these students make a difference in their local community while applying classroom learning goals.

From mapping the biodiversity in our state parks and Lake Huron to researching plastic pollution in Thunder Bay, there will be much to discuss during this informative panel featuring different community partners, including the League of Women Voter's new member, Meaghan Gass.
